INTRODUCTION

The United States Court of Appeals for Veterans Claims (Court) is a national court of record established by the Veterans Judicial Review Act, Pub. L. No. 100–687, Division A (1988) (Act). The Act, as amended, is codified in part at 38 U.S.C. §§ 7251–7299. The Court is located in Washington, D.C., but as a national court may sit anywhere in the United States.

The Court is part of the federal judicial system and has permanent authorization for seven judges, one of whom serves as chief judge. Nearly 20 years ago, in response to a growing caseload, Congress expanded the Court by authorizing two additional temporary judgeships, and in December 2024, Congress authorized a third temporary judgeship. All seven of the permanent judgeships and two of the three temporary judgeships are currently filled. Judges are appointed by the President, by and with the advice and consent of the Senate, for 15-year terms. Upon retirement, a judge may fully retire or may choose to be recall-eligible and thus willing to be recalled to service by the Chief Judge. The Court has nine recall-eligible retired judges, with two currently serving in recall status. Recall-eligible retired judges may elect full retirement at any time.

The Court has exclusive jurisdiction to review decisions made by the Department of Veterans Affairs Board of Veterans' Appeals (Board) that adversely affect a person's entitlement to VA benefits. This judicial review, although specialized in scope, is the same as that performed by all other United States Courts of Appeals. In cases before it, the Court has the authority to decide all relevant questions of law; to interpret constitutional, statutory, and regulatory provisions; and to determine the meaning or applicability of actions/decisions by the Secretary of Veterans Affairs. The Court may affirm, set aside, modify, reverse, or remand those decisions as appropriate. Additionally, the Court has class action authority, has jurisdiction under 28 U.S.C. § 1651 to act on petitions and issue all writs necessary or appropriate in aid of its jurisdiction, and acts on applications under 28 U.S.C. § 2412(d), the Equal Access to Justice Act, commonly referred to as EAJA. Certain decisions by the Court are reviewable by the United States Court of Appeals for the Federal Circuit and, if *certiorari* is granted, by the Supreme Court of the United States. For management, administration, and expenditure of funds in areas beyond the bounds of Chapter 72 of Title 38, the Court may exercise the authorities provided for such purposes applicable to other courts of the United States as defined in Title 28, U.S. Code.

In 1992, Congress authorized the Court to transfer funds from its appropriation that year to the Legal Services Corporation (LSC), for the purpose of providing, facilitating, and furnishing legal and other assistance, through grant or contract, to veterans and others seeking recourse in the Court. That program, often called the pro bono representation program, has been ongoing since that time, with LSC responsible for oversight and grant distribution responsibilities. The Appropriations Subcommittees consider LSC's budget request separately from the Court's budget request, although both are submitted together. The fiscal year (FY) 2027 LSC request for \$4,400,000 is attached at Appendix A.

UNITED STATES COURT OF APPEALS FOR VETERANS CLAIMS

**APPROPRIATION LANGUAGE
GENERAL AND SPECIAL FUND**

SALARIES AND EXPENSES

For necessary expenses for the operation of the United States Court of Appeals for Veterans Claims as authorized by sections 7251 through 7298 of title 38, United States Code, [\$49,000,000] \$50,300,000, of which \$4,500,000 shall be available until September 30, 2028: Provided, That [\$4,256,000] \$4,400,000 shall be available for the purpose of providing financial assistance as described and in accordance with the process and reporting procedures set forth under this heading in Public Law 102-229.

**UNITED STATES COURT OF APPEALS FOR VETERANS CLAIMS
PROGRAM JUSTIFICATION**

Court Caseload Trends and Variations

The Court remains one of the busiest federal appellate courts based on the number of filings per active judge. Each active judge on the Court carries a substantial workload that includes rendering decisions on appeals, petitions, motions, applications filed pursuant to 28 U.S.C. § 2412 (the Equal Access to Justice Act), and class actions.

Appeals to the Court come from the pool of cases in which the Board has denied some or all benefits sought by claimants. From FY 1999 through FY 2004, when the Court had seven judges, approximately 200 appeals per month were filed. Starting in FY 2007, the Court saw a sustained increase in that number, with an average of 376 cases filed per month. That growth prompted Congress to authorize two additional temporary judgeships that remain in place today. A more recent surge in appeals started eight years ago when the average monthly number of appeals received grew from about 560 in FY 2018 to nearly 750 in FY 2024. This rise in the Court's caseload prompted Congress, in December 2024, to authorize an additional temporary judgeship which has not yet been filled. The growth trend continued in FY 2025 and the Court hit a new record high, receiving 10,449 appeals, or an average of 870 per month.

Historically, the number of Court appeals per year correlates to about 8% of the number of Board decisions per year, and when final Board decision numbers increase or decrease, Court appeal numbers likewise generally rise or fall. Although FY 2025 data from the Board was not available at the time of this budget submission, the chart below tracks data over the previous nine years. With minor fluctuations, the percentage of Board decisions appealed to the Court has remained steady, and as the Board's output has grown, so too has the number of Court appeals.

	2016	2017	2018	2019	2020	2021	2022	2023	2024	2025
Board Final Decisions	52,011	52,661	85,288	95,089	102,663	99,721	95,294	103,245	116,192	Unavail
Board Members	88	94	92	96	100	108	125	134	138	Unavail
Board Staff Attorneys	450	671	806	800	850	770	873	983	1060	Unavail
Appeals to CAVC	4,140	4,040	6,802	8,470	8,954	8,266	7,344	7,528	8,937	10,449
Number of CAVC Judges Authorized	9	9	9	9	9	9	9	9	9	10

Several factors make it difficult to predict whether the 8% average appeal rate to the Court will continue in coming years. The Veterans Appeals Improvement and Modernization Act of 2017 created a new administrative appeals system that includes an alternative review option, in addition to an appeal to the Court, for claimants who disagree with a Board decision. Although there was speculation that this may result in fewer appeals being filed at the Court, that has not been the case thus far, although we continue to monitor the data. Additionally, the Sergeant First Class Heath Robinson Honoring our Promise to Address Comprehensive Toxics (PACT) Act has yielded several million new VA benefits claims in just the first three years since its passage in 2022. The Court is starting to receive appeals from Board decisions stemming from this landmark legislation; however, it is unclear whether PACT Act claimants will appeal at the same 8% rate. Finally, a recent significant change in the rights of family caregivers to appeal adverse VA decisions is generating a new and growing category of Court cases. The Court is monitoring all these factors in an effort to identify trends in future Court appeals numbers.

Appeals to the Court have also become more complex as the Court's bar continues to present novel and sophisticated arguments. To date, the Court has been able to keep pace with the growing volume and complexity of appeals because in all represented cases a Court staff attorney conducts a pre-briefing conference with the representatives, and a significant percentage of those appeals resolve by agreement of the parties before reaching chambers. It is uncertain whether this high pre-chambers resolution rate will continue going forward. In December 2024, Congress authorized one additional temporary judgeship, and we anticipate that position will be filled in FY 2026.

Staffing Requirements

The Court requests funding for 166 full-time equivalent (FTE) positions in FY 2027. This represents an increase of 2 FTE positions over the FY 2026 request. The new positions requested, necessitated by the current and projected workload, are a staff attorney for the Court's Central Legal Staff and a docket clerk for the Court's Public Office.

FISCAL YEAR 2025 PROGRAM

The Court's FY 2025 program accomplished the following:

Opened 10,703 new cases, including appeals from decisions of the Board and petitions for extraordinary relief directed to the Court. During the same period, the Court disposed of 9,007 cases (petitions and appeals) through a combination of panel opinions, single judge decisions, and court orders. In addition, the Court ruled on thousands of motions, resolved approximately 6,997 applications for attorney fees filed under the Equal Access to Justice Act, and acted on several Requests for Class Certification and Class Action.

Expended funds as necessary to staff and support the operations of the Court and ensure continued proper functioning throughout the fiscal year.

Expended funds to implement the Daniel Aderl Judicial Security and Privacy Act, Pub. L. No. 117-263, Div. E, Title LIX, Subt. D, 136 Stat. 3458 (Dec. 23, 2022).

Funded information technology services and updates, to include beginning to migrate the Court's data from a remote data storage backup facility to the cloud, beginning infrastructure and application systems migration to the cloud, and enhancing overall information technology (IT) security.

Expended funds to begin modernizing the Court's electronic filing and case management system.

Expended funds to refresh the Court's wireless system and necessary life cycle equipment replacement.

Received an Unmodified Opinion following its FY 2025 financial audit, which is the highest level of assurance that can be expressed. The Unmodified Opinion states that the financial statements are presented fairly in all material respects.

Continued agreements with the United States Marshals Service and the Federal Protective Service for Court security; the Department of Agriculture's National Finance Center for payroll/personnel services; the U.S. Department of the Treasury Bureau of the Fiscal Service for administrative payments, credit card, travel, and financial accounting and reporting services; and the Administrative Office of the U.S. Courts for Case Management/Electronic Case Filing (e-filing) system support.

Paid benefits from the Court of Appeals for Veterans Claims Retirement Fund (Judges' Retirement Fund) to retired judges and one survivor annuitant. Pursuant to 38 U.S.C. § 7298, funded the Judges' Retirement Fund in accordance with independent actuarial assessments.

Transferred appropriations to Legal Services Corporation for pro-bono representation services in accordance with Public Law No. 102-229.

FISCAL YEAR 2026 PROGRAM

The Court's FY 2026 budget appropriations reflect the following:

Funding to staff and support the operations of the Court to ensure its continued proper functioning throughout the fiscal year, including funding for 11 active judges with support staff and three new positions—a paralegal for the Court's Central Legal Staff, a lead processing clerk for the Court's Public Office, and a Court multimedia specialist. A portion of this funding will be available until September 30, 2027, to accommodate the uncertainty of the timing of judicial nominations and appointments. Funding for scheduled step increases, time-in-grade promotions for eligible employees, employee benefits, and a cost of living allowance.

Funding to convert positions and/or increase the pay grades of the following positions: CS-15 Counsel to the Board of Judges to CS-16; CS-14 Deputy Counsel to the Board of Judges to CS-15; CS-12 Court Librarian to CS-13 Court Librarian/Archivist; CS-10 Lead Processing Clerk to CS-11; CS-13 Public Office Deputy Operations Manager to CS-14; CS-13 Court CM/ECF Administrative Manager to CS-14 Public Office Deputy Operations Manager; and CS-12 Executive Assistant to the Clerk of the Court/Executive Officer to CS-13 Executive Assistant to the Clerk of the Court/Executive Officer and Data Analytics Associate.

Funding for information technology services and updates, to include continuing to migrate the Court's data from a remote data storage backup facility to the cloud, continuing to migrate application systems to the cloud, enhancing overall IT security, and customizing and maintaining a new electronic filing and case management system.

Funding to audit the Court's financial statements.

Funding to continue the agreements with the United States Marshals Service and the Federal Protective Service for Court security; the Department of Agriculture's National Finance Center for payroll/personnel services; the U.S. Department of the Treasury Bureau of the Fiscal Service for administrative payments, credit-card, travel, and financial accounting and reporting services; and the Administrative Office of the U.S. Courts for judicial privacy/security.

Funding to reduce any unfunded liability in the Judges' Retirement Fund.

Funding to transfer to Legal Services Corporation for pro bono representation services in accordance with Public Law No. 102-229.

FISCAL YEAR 2027 PROGRAM

The Court's FY 2027 budget request reflects the following:

Funding to staff and support the operations of the Court to ensure its continued proper functioning throughout the fiscal year, including funding for 11 active judges with support staff and two new positions—a staff attorney for the Court's Central Legal Staff and a processing clerk for the Court's Public Office. A portion of this funding will be available until September 30, 2028, to accommodate the uncertainty of the timing of judicial nominations and appointments. Funding for scheduled step increases, time-in-grade promotions for eligible employees, employee benefits, and a possible cost of living allowance.

Funding to convert the position of admissions clerk/confidential assistant to the Clerk of the Court from CS-10 to CS-11.

Funding for the Court's Judicial Conference.

Funding for Digiloop (audio equipment to aid hearing impaired attorneys during oral argument) and related improvements to the Courtroom to implement that technology.

Funding to replace MS Dynamics Great Plains, the Court's human resources software used to manage and administer the Judges' retired pay and benefits.

Funding to replace and install audiovisual equipment in the Court's library.

Funding for information technology services, systems refresh, and updates, to include necessary courtroom audio-visual upgrades, continuing to migrate Court data and application systems to the cloud, enhancing overall IT security, refreshing network infrastructure, upgrading equipment, and continuing to customize and maintain a new electronic filing and case management system. A portion of this funding will be available until September 30, 2028, to permit the Court to continue multi-year IT modernization and cybersecurity initiatives.

Funding to audit the Court's financial statements.

Funding to continue the agreements with the United States Marshals Service and the Federal Protective Service for Court security; the Department of Agriculture's National Finance Center for payroll/personnel services; the U.S. Department of the Treasury Bureau of the Fiscal Service for administrative payments, credit-card, travel, and financial accounting and reporting services; and the Administrative Office of the U.S. Courts for judicial privacy/security.

Funding to reduce any unfunded liability in the Judges' Retirement Fund.

Funding to transfer to Legal Services Corporation for pro bono representation services in accordance with Public Law No. 102-229.

SUMMARY OF FISCAL YEAR 2027 BUDGET REQUEST
(in thousands of dollars)

The FY 2027 budget request of \$50,300,000 reflects an increase of \$1,300,000 over the Court's FY 2026 budget appropriations. A summary of the FY 2027 funding request compared with the FY 2026 appropriations follows:

	FY 2026 Budget Appropriations	FY 2027 Budget Request	Change
FTE Positions	164	166	+2
Personnel Compensation and Benefits	\$32,980	\$34,580	+\$1,600
Other Objects (Operating Expenses)	\$9,764	\$10,320	+\$556
Judges' Retirement Fund	\$2,000	\$1,000	(-\$1,000)
Pro Bono Representation Services (Grant)	\$4,256	\$4,400	+\$144
Budget Authority/Appropriation	\$49,000	\$50,300	+\$1,300

SUMMARY OF FISCAL YEAR 2027 PROGRAM FUNDING CHANGES
(in thousands of dollars)

Personnel Compensation and Benefits: + \$1,600

The Court is requesting funding to cover compensation and benefits for 166 FTEs, to include 11 judicial chambers with support staff. The increase in funding requested is necessary to accommodate Court salary and benefits expenses, to include scheduled step increases, time-in-grade promotions for eligible employees, and an anticipated 3% cost-of-living allowance.

All Other Objects (Operating Expenses): + \$556

The increase in this category is primarily attributable to the cost of services associated with the Court's Judicial Conference, refreshing and replacing outdated information technology equipment, refreshing network infrastructure, performing a cybersecurity audit and vulnerability assessment, procuring and installing hearing assistance audio equipment in the Courtroom, replacing essential human resources software, and maintaining and securing the Court's new electronic filing and case management system.

Contribution to Judges' Retirement Fund: (-\$1,000)

This decrease results from a reduction in the most current actuarial projection of the deposit necessary to fully fund the Judges' Retirement Fund pursuant to 38 U.S.C. § 7298.

Pro Bono Representation Services (Legal Services Corporation Grant): + \$144

See Appendix A.

TOTAL CHANGES: + \$1,300

DETAILS OF FISCAL YEAR 2027 PROGRAM FUNDING CHANGES
(in dollars)

The following information provides details of the funding changes from FY 2026:

PERSONNEL COMPENSATION AND BENEFITS **+ \$1,600,000**

The Court is requesting funding for compensation and benefits for 166 FTEs, to include 11 judicial chambers. The increase in funding requested is necessary to accommodate the salary and benefits expenses for those FTEs, to include two new FTEs for FY 2027. This funding request also provides for scheduled step increases, time-in-grade promotions for eligible employees, and an anticipated 3% cost of living allowance for all Court employees.

The two new positions, necessitated by the current and projected workload, are: (1) A staff attorney for the Court's Central Legal Staff—the office responsible for conducting all pre-briefing conferences, preparing orders, memoranda, and vote sheet packets, and analyzing case trends; and (2) a processing clerk in the Court's Public Office—the office responsible for case opening, case closing, and all docket entries.

OTHER OBJECTS (OPERATING EXPENSES) **+\$556,000**

Travel **+ \$20,000**

The increase in this category stems from the Court's anticipated 2027 Judicial Conference held pursuant to 38 U.S.C. § 7286, the related travel for guest speakers, and the anticipated relocation costs associated with a new judicial appointment.

Transportation of things **+ \$5,000**

The increase in this category is attributable to expenses necessary for the Court's Judicial Conference and the anticipated relocation costs associated with a new judicial appointment.

Rental payment to GSA **+ \$0**

This category remains static and reflects the General Services Administration (GSA) rent estimate.

Rental payment to others **+ \$40,000**

The increase in this category is attributable to the costs of renting a venue for the Court's 2027 Judicial Conference and continuing rental agreements for Court parking and postage metering.

Communications, utilities, and miscellaneous charges **+ \$25,000**

The increase in this category is attributable to the cost of virtual access to the Court's 2027 Judicial Conference and maintaining Court utilities and communications.

Printing and reproduction + \$2,000
The increase in this category is attributable to the cost of printed signs and programs for the Court's 2027 Judicial Conference.

Purchases of Goods and Services from Government and Other Sources +\$364,000
The increase in this category is attributable to several initiatives, including: Replacement of Microsoft Dynamics Great Plains, the Court's human resources software used to manage and administer the Judges' retired pay and benefits; cybersecurity enhancements; procurement and installation of Digiloop, hearing assistance audio equipment in the Courtroom; services to maintain the Court's new electronic filing and case management system; and services associated with the Court's 2027 Judicial Conference. Funding in this category is used generally to maintain existing Court services and also covers the costs of necessary Court inter-agency agreements with the United States Marshals Service and the Federal Protective Service for Court and judicial security; the Department of Agriculture's National Finance Center for payroll/personnel services; the U.S. Department of the Treasury Bureau of the Fiscal Service for administrative payments, credit-card, travel, and financial accounting and reporting services; and the Administrative Office of the U.S. Courts for judicial privacy/security. Funding in this category also covers the continued costs of technical support to migrate the Court's data from a remote data storage backup facility to the cloud, transition of application systems to the cloud, and maintain cloud storage and cybersecurity.

Supplies and Materials + \$0
This category remains static.

Equipment +\$100,000
The increase in this category is primarily attributable to refreshing the Court's laptops, monitors, desktop printers, and courtroom audiovisual equipment; replacing audiovisual equipment in the Court's library and primary meeting space; refreshing IT infrastructure; and obtaining necessary network system equipment. Funding in this category is also used for Court furnishings and maintaining existing Court hardware, software, licenses, and subscriptions.

CONTRIBUTION TO JUDGES' RETIREMENT FUND (-\$1,000,000)
This decrease results from a reduction in the most current actuarial projection of the deposit necessary to fully fund the Judges' Retirement Fund pursuant to 38 U.S.C. § 7298.

PRO BONO REPRESENTATION SERVICES (LEGAL SERVICES CORPORATION GRANT) + \$144,000
See Appendix A.

TOTAL CHANGES + \$1,300,000

UNITED STATES COURT OF APPEALS FOR VETERANS CLAIMS

JUDGES' RETIREMENT FUND

The United States Court of Appeals for Veterans Claims Retirement Fund (Judges' Retirement Fund or Fund), established under 38 U.S.C. § 7298, is used for judges' retired pay and for annuities, refunds, and allowances provided to surviving spouses and dependent children. Participating judges pay 1% of their salaries to cover creditable service for retired pay purposes and 2.2% of their salaries for survivor annuity purposes. Additional funds needed to cover the unfunded liability may be transferred to the Judges' Retirement Fund from the Court's annual appropriation. The Court's contribution to the Fund is estimated annually by an actuarial firm retained by the Court. The Fund is invested solely in government securities.

Re: FY2027 Budget Request for the Veterans Pro Bono Program

Dear Chief Judge Allen:

This letter describes the activities of the Legal Services Corporation (LSC) regarding the veterans pro bono program pursuant to Public Law 102-229, Title I, Ch. II, 105 Stat. 1701, 1710 (Dec. 12, 1991). Congress appropriates funding for this program to the U.S. Court of Appeals for Veterans Claims (Court) with specific direction to provide those funds to LSC to make “grants and contracts” to “facilitate the furnishing of legal and other assistance, without charge, to veterans and other persons who are unable to afford the cost of legal representation in connection with decisions” of, or other proceedings in, the Court. *Id.* LSC awards and oversees a calendar-year grant for those services.

The grantee, currently The Veterans Consortium Pro Bono Program (Consortium), has submitted an annual recommended funding request that LSC is not in a position to evaluate, and which is included in Congress's budget submission alongside the Court's budget. LSC is not involved in determining the need for veterans pro bono legal services or the amount of the annual funding request. LSC's role begins after Congress has appropriated funding and the Court has provided it to LSC. LSC then evaluates applications, awards the grant, and conducts oversight and follow-up activities.

LSC's oversight ensures that the grantee provides assistance and performs the activities required by Public Law 102-229. LSC's oversight activities include, but are not limited to, the following:

- Reviewing and evaluating the Consortium's annual renewal applications.
- Subjecting each grant award to Grant Assurances that specify conditions the Consortium must meet to receive the grant.

The Honorable Michael P. Allen

December 12, 2025

Page 2 of 2

- Reviewing copies of the Consortium's budget and other reports submitted by the Consortium's staff to their board of directors, reviewing meeting materials provided for board meetings, and, when possible, attending those meetings. (Court staff also attend the board's meetings and are provided with these reports.)
- Conducting periodic, comprehensive, on-site reviews of the Consortium's operations. (Eight have been conducted since 1995. The most recent review was in 2021 and was a virtual Program Quality Visit.)
- Maintaining communications with the Consortium's board chair, executive director, and leadership.
- Requiring the Consortium to submit copies of its annual audited financial statements to LSC's Office of the Inspector General (OIG) for review. The OIG has not identified any issues requiring follow-up for at least the last ten years.
- Requiring that the Consortium track and report any carryover fund balance of grant funds from one year to the next (by year and cumulative) and include that information in the program's annual budget request for submission to Congress.

Based on these oversight activities, LSC has determined that the Consortium's services and operations have, in all prior years, met the requirements outlined in Public Law 102-229.

Please let me know if you have any questions or require further information.

Respectfully yours,

A handwritten signature in blue ink, appearing to read "Lynn Jennings". The signature is fluid and cursive, with a large initial "L" and "J".

Lynn Jennings

Vice President for Grants Management

VETERANS PRO BONO PROGRAM
FY 2027 FUNDING REQUEST, BUDGET, AND NARRATIVE
12 December 2025

INTRODUCTION

The federal Veterans Pro Bono Program recruits and trains volunteer attorneys to provide assistance to financially qualified, unrepresented veterans and their family members, caregivers, or survivors who have filed veterans' benefits appeals at the U.S. Court of Appeals for Veterans Claims (Court). The goal of the federal Veterans Pro Bono Program is to offer representation before the Court to every financially eligible appellant with a meritorious appeal in order to ensure that each appellant attains the best possible outcome. Ensuring every appellant is represented also assists the Court in efficient processing of claims as the appellants have advocates to guide their claims through the complex appeals process. The Veterans Consortium (TVC) is an independent nonprofit organization that operates the federal Veterans Pro Bono Program (Program). TVC a 501c (3) entity founded in 1992, enlists and maintains its TVC National Volunteer Corps to serve the eligible U.S. veteran population worldwide. To this day, its Executive Board maintains voting representation from its four founding Member Organizations: Paralyzed Veterans of America, Disabled American Veterans, The American Legion, and the National Veterans Legal Services Program. These four Veterans Service Organizations (VSO) continue to support and assist The Veterans Consortium in a shared mission to serve veterans and their loved ones. On behalf of the Court and our nation's defenders, the Program leads and sustains a collaborative effort with the Department of Veterans Affairs (VA), law firms, corporate legal departments, bar associations, law schools, solo practitioners, and other nonprofit organizations and mission partners that provide services to veterans, to develop broad capabilities and capacity for the free services performed for appellants in need.

In response to a request by the Court, Congress established the Program via Public Law No. 102-229 to provide legal and other assistance, without charge, to veterans and other persons who are unable to afford the cost of legal representation before the Court. The Program is funded through a grant administered by Legal Services Corporation (LSC), which comes from an appropriation request submitted as part of the Court's appropriation request.

The Program is requesting an appropriation of new grant funds in the amount of **\$4.4** million for **FY 2027**. Thirty-five thousand dollars (\$35,000) of this amount is assumed for the estimated LSC grant administration cost, and the remainder of this amount is for Program operations.

The Program's proposed budget for **FY 2027** is included herein. Like all other organizations, TVC has been directly impacted by increased inflation driven costs over the last few years and salary adjustments necessary to attract and retain necessary staff. On a related note, mission statistics herein are reported by the government Fiscal Year (FY), in line with the reporting periods used by the Court and the Board of Veterans' Appeals (BVA). While the LSC-administered federal Veterans Pro Bono Program and the independent 501c (3) entity The Veterans Consortium both operate using Calendar Year (CY) cycles, the annual budget amounts submitted herein are for government **FY 2027**.

**SIGNIFICANT STATISTICS FOR THE BOARD OF VETERANS' APPEALS,
THE U.S. COURT OF APPEALS FOR VETERANS CLAIMS, AND
THE FEDERAL VETERANS PRO BONO PROGRAM**

The Program continues to provide legal advice and assistance free of charge to a significant - and growing - number of unrepresented veterans in need and their qualified family members, caregivers, and survivors with active appeals at the Court. The Program is unique in that it successfully leverages the investment of the United States by annually obtaining millions of dollars' worth of *pro bono* representation for the veterans in need and their family members, caregivers, and survivors. For example, in **FY 2025**, volunteers across the U.S. participating in the Program provided *pro bono* legal and related professional services valued at more than \$3.98 million on behalf of appellants, and the annual value is a multiple of that amount when adding the calculated sum of lifetime care, benefits, and compensation regained by veterans and their loved ones.

As the Court is aware, the number of appeals decided by the BVA generally serves as an indicator of potential appeals at the Court, and therefore potential *pro se* appellants that would need Program services. According to the Court's latest annual report available, the number of new cases filed at the Court in FY **2024** increased only marginally from FY**2023**. The slight increase of cases at the Court follows the general trend of final decision from the Board of Veterans Appeals, which increased from 103,245 in FY **2023** to 116,192 in FY **2024**. Over the course of FY **2024**, the Court averaged 745 appeals filed per month. The expected increases in BVA activity will almost certainly result in a greater number of *pro se* appellants at the Court and in the pipeline for Program services. There is no indication of any significant slowdown for TVC's activities in **FY 2026**.

The Court's most recent (FY **2024**) publicly available annual report states that there were 8,937 appeals (excluding writs) filed with the Court, of which 12% were *pro se* at the time of filing, about the same rate as the past few years. The *pro se* rate has plateaued after dropping from its FY 2011 level of 54%. This decrease of the *pro se* rate has historically been a Program goal, and while this success is notable, there remains a very significant need for *pro bono* services for those veterans and their family members, caregivers, and survivors who remain unrepresented. Over the past three years TVC has instituted, at the request of the Court, a "Rule 33" Program under which *pro se* litigants who have declined representation obtain limited representation up to the Rule 33 conference in a further effort to reduce the number of *pro se* litigants before the court. Since its inception in May 2021 the Rule 33 Program has provided representation for an additional 516 *pro se* litigants. The Rule 33 Pilot Program has an overall success rate (positive outcome for appellants) of 57%, securing critical remand orders for 295 appellants who would otherwise face the VA before the Court alone.

The Program sent offers of assistance to all *pro se* appellants (100%) with appeals at the Court in FY **2025**. In response to requests for its services in FY **2024**, Program staff attorneys screened 620 appellate cases, and placed 480 of these cases (almost 80%) with *pro bono* attorneys (and sometimes an in-house staff attorney in special circumstances), while continuing to manage and support on average over 400 active cases at one time. The remainder of these applicants were not able to receive services because their appeals either lacked legal merit or suffered from jurisdictional defects. Appellants not qualified for Program services were provided with detailed information about the reason for their status and referrals to other resources as appropriate.

A level of Program assistance is still available to these unqualified appellants, as well as other *pro se* appellants, through the Program's Limited Legal Assistance and Information Helpline. This Helpline guides unrepresented veterans and their family members through their appeals at the Court by providing limited legal assistance and information regarding: (1) the explanation of the Court's function, processes, and timelines; (2) the completion of Informal Briefs, Record Before the Agency (RBA) disputes, and other pleadings; and (3) the explanation of Court filings and decision memoranda.

The Helpline provides unrepresented appellants with the opportunity to produce informed and cogent pleadings to the Court and allows the Court to process the appellants' filings more efficiently. It also affords the Program another way to offer unrepresented appellants additional program services. Since its inception in 2014, the Helpline has assisted hundreds of *pro se* appellants. In general, each year approximately 25% of these veterans applied for pro bono representation subsequent to utilizing the Helpline. The number of Helpline users is substantial, with more than 1,000 *pro se* appellant actions (letters, calls, emails) handled in FY 2025, and over 460 unique pro se appellants served. The Program anticipates even greater demand for Helpline services in FY 2026 due to the projected increase in activity at the BVA and the Court.

In addition to providing appellants at the Court with representation, counseling, or information about their cases, the Program also responded to inquiries from almost 6,400 veterans and their family members who were seeking information regarding the appeals process and directed to veteran's service officers (VSOs) and referrals for legal services unrelated to the Court, such as family or housing legal issues.

The Program anticipates that there will be an increase in requests for services in the future as indicators show that the BVA will continue to decide an even greater number of appeals to clear out backlogged cases, leading to more appeals filed with the Court. Furthermore, additional filings at the Court are expected as a result of appeals being filed by returning veterans who served in Iraq and Afghanistan, and the impact of recent PACT Act legislation may also be additive to the appellate caseload in FY 2026.

Select Federal Veterans Pro Bono Program Accomplishments in FY 2025

- Won 390 appellate cases for clients, a record success rate in Court of over 88%.
- Trained 694 attorneys and paralegals in veterans' appellate law to prepare them to provide volunteer services to federal Veterans Pro Bono Program clients and sustain the Court's bar.
- Provided 480 financially qualified veterans or their qualified family members, caregivers, and survivors, with free legal representation for their cases before the Court.
- Provided an additional 120 *pro se* veterans with their cases before the Court through the Rule 33 Program.
- Provided 351 *pro se* appellants with information about their cases and other assistance after determining these cases could not be accepted for Program services.
- Handled 6,400 inquiries from veterans and their loved ones about the federal Veterans Pro Bono Program services, the appeals process before the Court and before the VA, or referrals for local legal services such as family and housing matters.
- Supported hundreds of *pro se* appellants using the Limited Legal Assistance and Information Helpline, by handling more than 1,000 Helpline actions.

From FY 1992 to the present day, the Program has helped more than 90,763 veterans and their family members, caregivers, and survivors meet their challenges by responding to their requests. A total of nearly 7,633 volunteers have been trained in veterans' law, enabling more than 8,862 federal appellate cases to be placed with pro bono attorneys, who have achieved a lifetime 83.4% success rate in support of Program clients. Since inception, the Program has provided over \$150 million worth of free service to veterans and their loved ones. The Program staff is committed to continue delivering this sustained level of support, plus handling the projected increased need from qualified appellants, to provide the best legal services, free of charge, to our nation's veterans in need and their qualifying families, caregivers, and survivors.

BUDGET REQUEST DETAIL

1. Personnel Expenses

\$3,047,079

A. TVC makes cost-effective decisions concerning the mix of in-house and contracted personnel and will continue to do so. Most of the assistance provided to veterans and their family members is accomplished by personal contact. The Program actively undertakes direct contact with veterans and their loved ones to ensure they understand what is happening with their cases and the staff works to aid in any way possible. Salary and benefits for people performing daily services for the Program are paid from grant funds. This section addresses TVC employee costs only. Outside services are reflected in the Contract Services section herein.

Table TVC PERSONNEL AND FTE DISTRIBUTION		
Program Components	Total Number of TVC Personnel Providing Services to the Program	Total FTE to be Requested Under the Grant
	22	22
	FY2026	FY 2027
Executive Office.	4	4
Case Evaluation and Litigation	6	6
Volunteer Outreach, Education & Placement	3	3
Client Services	6	6
Communication and Development	3	3

Table A above shows the number of Full-Time Equivalents (FTE) to be paid out of grant funds in FY 2026 and FY 2027. It includes full-time, part time, and temp-to-perm personnel of The Veterans Consortium Pro Bono Program staff. A detailed description of Program Components follows.

B. Executive Office

The Executive Office consists of the Executive Director, Deputy Executive Director/Senior Director of the CAVC Practice, Director Business Operations, and an Office Manager. The Executive Office manages all of TVC's activities, including those which are ongoing outside of the CAVC Grant. A portion of the appropriate salaries and expenses incurred that are related to non-CAVC activities are borne by other funding sources and are charged to those other funding sources as agreed upon with the Legal Services Corporation.

C. Case Evaluation & Litigation

This area is led by the Deputy Director of Case Evaluation and Litigation who reports directly to the Senior Director CAVC Practice area. The Deputy Director is supported by three Staff Attorneys and two Veteran Law Specialists. The Deputy Director is the litigation lead and conducts senior case screening/management duties, oversees litigation strategy and mentoring, while providing supervision to the area. The team reviews the Records Before the Agency (RBA) and/or BVA decisions in each case to determine whether the case presents an issue that merits referral to a volunteer lawyer, and mentor volunteers. Staff attorneys provide limited legal assistance to appellants without representation before the Court via the Helpline.

D. Volunteer Outreach, Education & Placement

This area is led by the Deputy Director of Volunteer Outreach, Education and Placement who reports directly to the Senior Director of CAVC Practice area. The Deputy Director is supported by two Program Coordinators. The team recruits and trains between 400 to 500 new volunteer attorneys and paralegals to help build the Court's bar and to grow the national capability and capacity in veteran's law. They focus on volunteer training and support as well as volunteer mentoring. In addition, this team takes all cases deemed to have legal merit from the Case Evaluation and Litigation team and places those cases with appropriate volunteer outside counsel. Activities range from working veterans outreach events, to conducting outreach via partners and stakeholders, including Veterans Service Organizations, State and County veterans service officers, and a variety of federal, state, and local offices as well as through other non-profit organizations. The Component also runs national outreach to law school clinical programs and prepares lessons learned, after action reports, and special legal analyses.

E. Client Services

This area is led by the deputy Director of Client Services and supported by two Paralegals and two Client Services Specialists. Personnel working for this Program Component conduct direct outreach to veterans and their loved ones or survivors to educate and inform them of Program services that are available. The team tracks all Court actions affecting clients and attorneys and communicates status and monitors progress of cases. This team fields over 1,800 calls per month, receives and processes on average 200 mailings and applications for Program services per month, conducts intake of clients, and refers veterans to in-house resources or vetted partners as appropriate.

F. Communication and Development

This area is led by the Director of Communications and Development and is supported by a Communications & Outreach Coordinator and a Marketing and Outreach Specialist. Activities range from working veterans outreach events, to website and social media and other communications activities, to mailing pamphlets, booklets, and other materials. These personnel also conduct outreach via partners and stakeholders, including Veterans Service Organizations, State and County veterans service officers, and a variety of federal, state, and local offices as well as through other non-profit organizations. This team also has primary responsibility for all fund-raising activities and events.

2. **Project Expenses**

\$566,422

A. Travel	\$47,970
B. Equipment Rental & Telephone/Internet	\$53,300
C. Office Supplies & Communications & IT Software O&M	\$122,150
D. Online References & Continuing Education/Training	\$39,442
E. Volunteer Materials	\$47,970
F. Insurance, Dues, Fees, and Evaluation	\$234,270
G. Property Acquisition	\$21,320
TOTAL FY 2024 PROJECT EXPENSES:	\$566,422

A. Travel: We are anticipating a more normal travel environment for FY 2027 and these estimates are based on that assumption. The amount budgeted for Travel expenses relates to performing the core functions of the mission, including Outreach & Education to veterans and dependents, Recruiting & Training volunteer attorneys and related professionals, and attending professional development trainings/CLE for the Program staff. This is essential to the mission of the Program. Examples of targeted populations visited include veterans and their loved ones or survivors, volunteer attorneys, State & County veterans service officers/organizations, and law school clinics. Professional development focuses on the continuing education of Program staff which enables effective and efficient achievement of Program objectives. Federal guidelines were used for per diem, research of airfare and hotels to projected locations were used for those costs.

B. Equipment Rental & Telephone/Internet: The amount budgeted for Equipment Rental & Telephone/Internet includes expenses for postage/postage meter and office equipment repairs/maintenance. The office equipment includes postage that the Program uses daily for communication. The repairs and maintenance allocation are for the care of office equipment, such as printers, the copy machine, furniture, water cooler, etc., used in daily operations. Also included are high-speed internet connectivity and telephone capability.

C. Office Supplies & Communications & IT Software Maintenance Expenses: The amount budgeted for Office Supplies includes office supplies and expenses (paper, toner, envelopes, folders, archiving/storage, shipping, packaging, pens, pencils, folders, envelopes, labels, highlighters, tape, etc.). Expenses in this category also include advertising and promotion and website costs which relate to the outreach and education of veterans and their loved ones or survivors. This relates to one of the core missions of the Program which is to provide representation before the U.S. Court of Appeals for Veterans Claims and their families. Printing & editing funds are requested to cover the cost of editing and printing brochures, pamphlets, job aids, flyers, and forms that our eligible appellants use to learn about the Program and make decisions to choose our *pro bono* attorneys; that our volunteers read to learn how to join the Program; and that our Stakeholders/Partners (especially VSOs and State/County service officers) use to decide when to refer a veteran to the Program. Limited entertainment & meals expenses are invested in volunteer recruitment, training "lunch and learns," and stakeholder outreach and partnerships for outreach and education of veterans and their loved ones or survivors. Advertising/Promotion expenses include the costs of booth space/banner fees/sponsorship fees at outreach events assuming: four large events, six mid-size events, and some smaller events annually. Also included are ads in magazines and newspapers, and posters/awareness materials, with actual allocation to be determined during the procurement process

D. Online References & Continuing Education/Training: Expenses in this category include online subscription such as the LexisNexis, Thomson/Westlaw, and the Veterans Appeals Reporter which is a monthly update of relevant decisions and articles regarding U.S. Courts. These are research and reference tools that permit the Case Evaluation & Placement Component to stay abreast of current case law and trends at the Court which supports efficient and accurate case evaluation enabling a greater placement of cases with volunteer attorneys. The professional development expenses are primarily the continuing education of staff which enhances skill sets and ultimately promotes innovative and efficient achievement of Program objectives. In addition to CLEs for legal professional development, the system

deploys upgrades and new tools and IT applications that require investment in training and reference materials.

E. Volunteer Materials: The amount budgeted for Volunteer Materials includes the reference materials for up to 500 trainees annually and 30 participating law school clinics, such as the *Veterans Benefits Manual* and the *Federal Veterans Laws, Rules, and Regulations* published by LexisNexis. Volunteer attorneys who do not already have access to these materials in their organizations, are provided these references for a thorough and authoritative view of veterans' benefits law which is a key component in their representation of appellants before the Court and their written persuasive pleadings. The "Veterans Law Clinic-in-a-Footlocker" project provides reference materials that the federal Veterans Pro Bono Program sends to law schools to help them start or maintain a veteran's law clinic that takes cases from the Program. It also includes costs to print training certificates and a volunteer appreciation memento of nominal individual value for each volunteer attorney or associated pro bono professional (e.g., paralegal, law clerk, etc.)

F. Insurance, Dues, Fees, and Evaluation: The amount budgeted for Insurance, Dues, Fees, and Evaluation expenses includes professional insurance (malpractice insurance for volunteers, directors & officers, and fire & theft). Dues & fees are required for organizational dues such as bar and association fees, as well as organizational memberships including NLADA, CNA, Pro Bono Institute, etc., for outreach to volunteers and to obtain best practices and lessons learned from other nonprofit legal aid services/legal aid societies, and development of referral relationships. Evaluation expenses include the cost of external evaluations, plus the deployment and implementation of evaluation tools such as visualization dashboard which will aggregate metrics and streamline reporting that will be provided to evaluators.

3. Third-Party Transfers

\$751,499

A. Contract Services: In order to keep costs as low as possible and use federal Veterans Pro Bono Program funds to maximize delivery of legal services, The Veterans Consortium Pro Bono Program does not hire full-time administrative staff. Instead, the program office uses outsourced Contract services as a virtual Back Office for operational support, as well as online archiving for its case management systems of record. Other costs in this category are for Human Resources & Benefits Administration, IT (operations and maintenance of both workflow systems and infrastructure/email systems), Audit & Tax Preparation, Accounting, and Website operations/maintenance/hosting. The amount of **\$350,480** is budgeted for back office and mission infrastructure services.

B. Rent: Rent in Washington, DC for federal Veterans Pro Bono Program office space, comprises about **\$205,706** of this category's costs (typically most organizations' largest expense after their personnel costs), which reflects the actual annual cost of our six year lease.

C. Subcontracts: The Pro Bono Program request includes funds for continuing support provided in FY 2027 by several subcontractors, comprising: (1) one for volunteer attorney Training and Support; (2) one for Direct Representation in exigent circumstances and for extremely complex medical issues; (3) one for Surge Support for Case Management (on-call, used as workloads warrant), and (4) two to five subgrants for Law School Clinical Programs to facilitate and encourage participation in the federal Veterans Pro Bono Program. The FY 2027 amount is **\$195,312**.

(1) Pro Bono Attorney Training and Support: This subgrantee helps train volunteer attorneys to provide *pro bono* representation to the federal Veterans Pro Bono Program's clients. In addition, this function also provides for mentoring support to volunteers with active cases. These training and support services are now being provided on a per use basis, which is achieving cost savings over prior years.

(2) Direct Representation: Some cases require immediate focused attention by a lawyer experienced in veterans' law to properly represent the appellant in an extremely complex case and/or to protect an appellant's rights in exigent circumstances. This direct representation is provided either by TVC staff attorneys on the Program, or via attorneys on a subgrant for specialized (highly complex medical issues) or surge (exigent circumstances) support. For budget purposes it is anticipated that the incumbent subcontractor will continue to offer these services in FY 2027 on a per use, cost-effective manner.

(3) Surge Support: Program staff requires outside surge support for case management functions. We employ a cost-effective outsourcing of this function on an as needed basis and is paid for only to the extent

it is used. This system has been in place and is functioning well.

(4) Law School Clinical Programs: To help build/sustain the Court's bar by increasing the number of veteran's law clinics at accredited law schools and/or enhancing efforts by Program partner law clinics providing representation, during FY 2027 the Program proposes to continue law clinic subgrants in the range of \$1,000 to \$10,000. The specific law schools will be selected as a result of a competitive selection process to select the right new law clinics, at the best locations, at the right time in the academic year. In order to participate, the law clinics must take one or more cases from the Program and represent an appellant before the Court

4. Total FY 2027 Veterans Pro Bono Program Funding Requested

Personnel Expenses in 2027	\$3,047,079
Project Expenses in 2027	\$566,422
Third Party Transfers in 2027	\$751,499
Program Budget Sub-Total:	\$4,365,000
LSC Oversight Fee in 2027 (estimated)	\$35,000
TOTAL 2026 Program Budget + LSC Oversight	\$4,400,000
 TOTAL FY 2026 FUNDING REQUESTED	 \$4,400,000

5. Grant Funds Balance

For FY 2025 TVC requested a grant amount of \$3.8 million against a proposed budget of approximately \$4.1 million. Due to the lack of a FY2025 ever being passed by Congress, the actual funding for 2025 was cut to \$3.0M mandated by a year-long Continuing Resolution. Through close coordination with LSC, reduction of program expenses and headcount, utilization of all available LSC Grant Fund balances as well as use of TVC's unrestricted donated funds, TVC was able to successfully carry out its mission despite a significant funding shortfall. This resulted in no grant funding remaining to be carried into FY2026.

Tabled: LSC Grant Fund Balances

Grant funds balances as of 12/31/2024	\$451,000
Projected grant fund balance at 12/31/2025	\$0
Projected grant fund balance at 12/31/2026	<\$100,000

6. Non-Appropriated Funds (from Other Sources)

TVC conducts several other activities including a Discharge Upgrade Program and various Veteran related clinics and programs that are ancillary to its support of appeals in the CAVC. In order to support those activities donations of funds are obtained from The Veterans Consortium's founding VSO member organizations, law firms, corporate legal departments, other organizations, foundations, and individual donors.

Table E: Non-Appropriated Funds (All Sources)

Total est. non-appropriated fund balance available at 12/31/2024 (unaudited)	\$1,299,000
plus Projected Contributions in CY 2025 plus interest**	\$420,000
minus Projected Expenses paid from non-appropriated funds in CY 2024	\$1,067,000
Projected non-appropriated fund balance at 12/31/2025	\$652,000
